Total Service Drop Fee*

\$100.00 USD (If received by March 31st, 2021), with \$100.00 USD Bill Credit on Internet services.

Payment Options*

Credit Card (call 608.768.1000) Check - Send to RUC LightSpeed - 501 Utility Ct, Reedsburg WI 53959

Please note:

A standard service drop includes vibratory plowing the service line from the road right-of-way to the customer premise. Fiber service drop does not include private service extensions. RUC/LightSpeed will contact Digger's Hotline prior to excavating on the premises. Through Digger's Hotline, all public facilities (Telephone, Electric, CATV, and Gas) will be marked with paint from the Right of Way to the home or business. Any private utilities such as water, sewer, irrigation, lighting, utilities to outbuildings, LP gas, etc. will not be marked. RUC is not responsible for damage to private facilities that have not been brought to our crew's attention prior to the start of work. Please provide a detailed sketch on the back of this sheet of Private underground utilities on your property. A Reedsburg Utility representative will contact you to set-up a site survey. Turf restoration will be completed on excavated turf areas, not along the plow line. Turf restoration will include prepping the salvaged topsoil, seeding, and straw mulch.

Standard installation fees may apply; additional fees may apply for non-standard installations.
